### **DETAILED ACTION**

1. This Office action is in response to Applicants' reply filed on 27 July 2010.
2. The instant file has been corrected to include the amended claims sheet filed in the international stage.
3. In order to provide clarity in the application the Examiner has restricted the correct set of claims below.

### ***Election/Restrictions***

4. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-3, 15, 16 and 19-21, drawn to a DNA probe.

Group II, claim(s) 4, 6, 7 and 17, drawn to methods of detecting a specific transformation event in corn.

Group III, claim(s) 8, drawn to a method of determining the zygoty of corn event MON88017.

Group IV, claim(s) 5, 9-14, 18 and 22-24, drawn to a corn plant comprising corn event MON88017 and subcombinations thereof comprising said event DNA.

6. The groups of inventions listed above do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The method of Group II does not require the special technical feature of Group III or IV which requires corn event MON88017, as the method of Group II can be used to determine the absence of corn event MON88017. Hence, the claims as a whole lack the same special technical feature.

7. Applicant is advised that the reply to this requirement to be complete within one month (not less than 30 days) must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David H. Kruse, Ph.D. whose telephone number is (571) 272-0799. The examiner can normally be reached on Monday to Friday from 8:00 a.m. to 4:30 p.m.
